Assistant Commissioner of Patents
Washington, DC 20231

Sir:

Responsive to the Office Action dated October 15, 1998, Applicant hereby elects Invention III drawn to an apparatus including an economizer circuit in a refrigeration system.

The elected invention is the subject matter of claim 8 and is claimed in combination with other structure in claims 4, 5 and 7. Because claim 4 depends from claims 1-3, claim 5 depends from claims 1 and 2, and claim 7 depends from claim 6, the elected invention requires the treatment of all of the claims in the application. Accordingly, it

is believed proper to withdraw the election requirement and to examine all of the claims in the application.

Respectfully submitted,
ALEXANDER LIFSON
